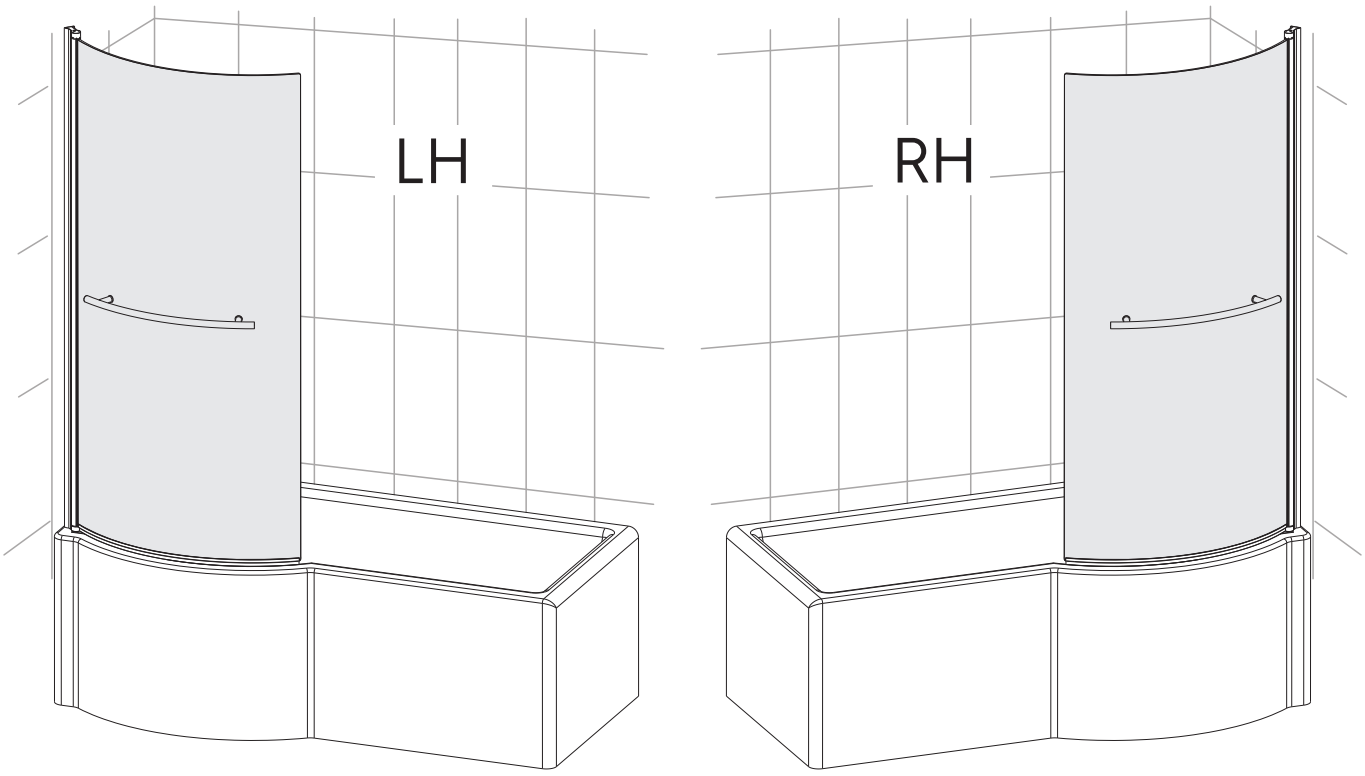
5mm AND 6mm CURVED SCREENS (WITH/WITHOUT RAIL)

Refer To Sheet 8 For Relevant Product Codes



This screen can be assembled as a right hand or a left hand product.

(Left Hand installation illustrated)

BEFORE YOU START, HERE IS SOME IMPORTANT INFORMATION

1) General Information

Please inspect this product upon delivery, any missing parts or manufacturing defects must be reported immediately to the supplier. Damage or defects reported later will not be accepted. **TAKE CARE WHEN HANDLING GLASS PARTS - AVOID HEAVY CONTACT BETWEEN THE GLASS EDGES AND ANY HARD SURFACE.** Glass breakage claims will not be accepted after the product has been unpacked.

Please note: Aluminium is a soft metal, and undergoes a series of extrusion, fabrication, polishing and anodising processes in order to create your finished shower screen. Some light surface marks are normal, and is a result of the manufacturing processes. Quality control has ensured that this item is of a good standard, and is fit for purpose.

2) Additional Notes

Please read these instructions carefully before starting installation.
Special care should be taken when drilling walls to avoid hidden pipes or electrical cables.
Note: this product is heavy and may require two people to install.

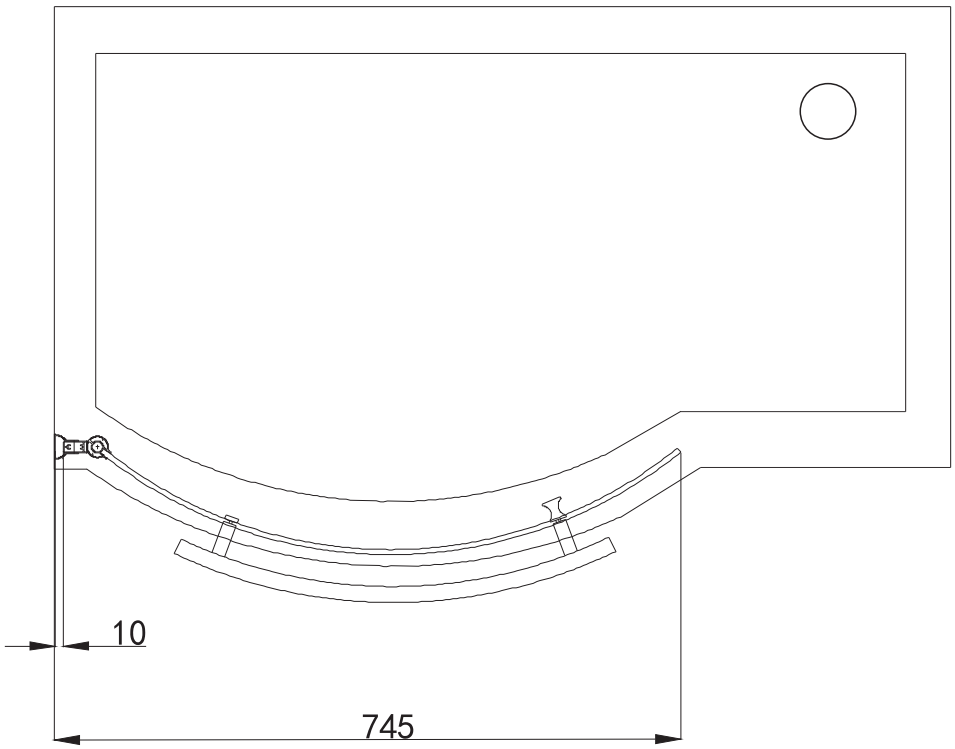
ASSEMBLY INSTRUCTIONS

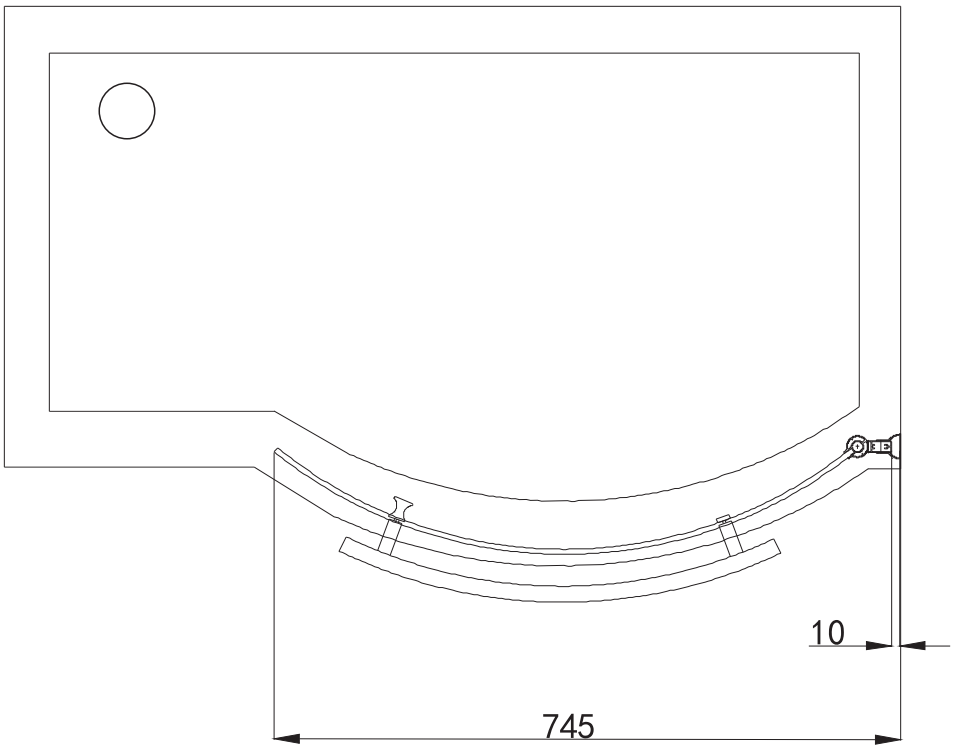
If you require help, we advise you to contact a competent plumber.

Installation Steps

FITTED BATH SCREEN DRAWING



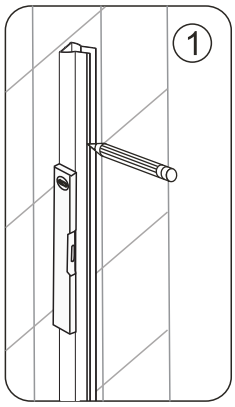
LH

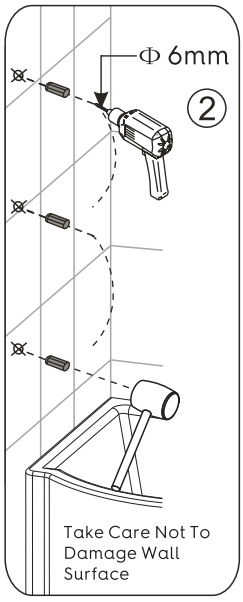


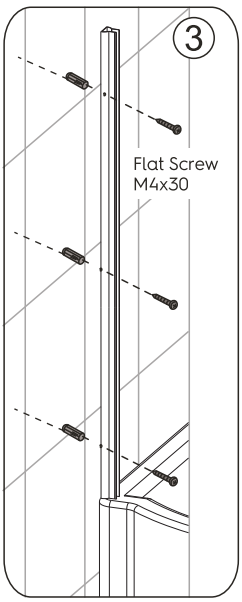
RH

STEP 1 MARK WALL FIXING POSITIONS AND DRILL WALL PLUG HOLES

MAKE SURE THE BATH IS LEVEL, USING A SPIRIT LEVEL, BEFORE INSTALLING THIS SHOWER SCREEN.

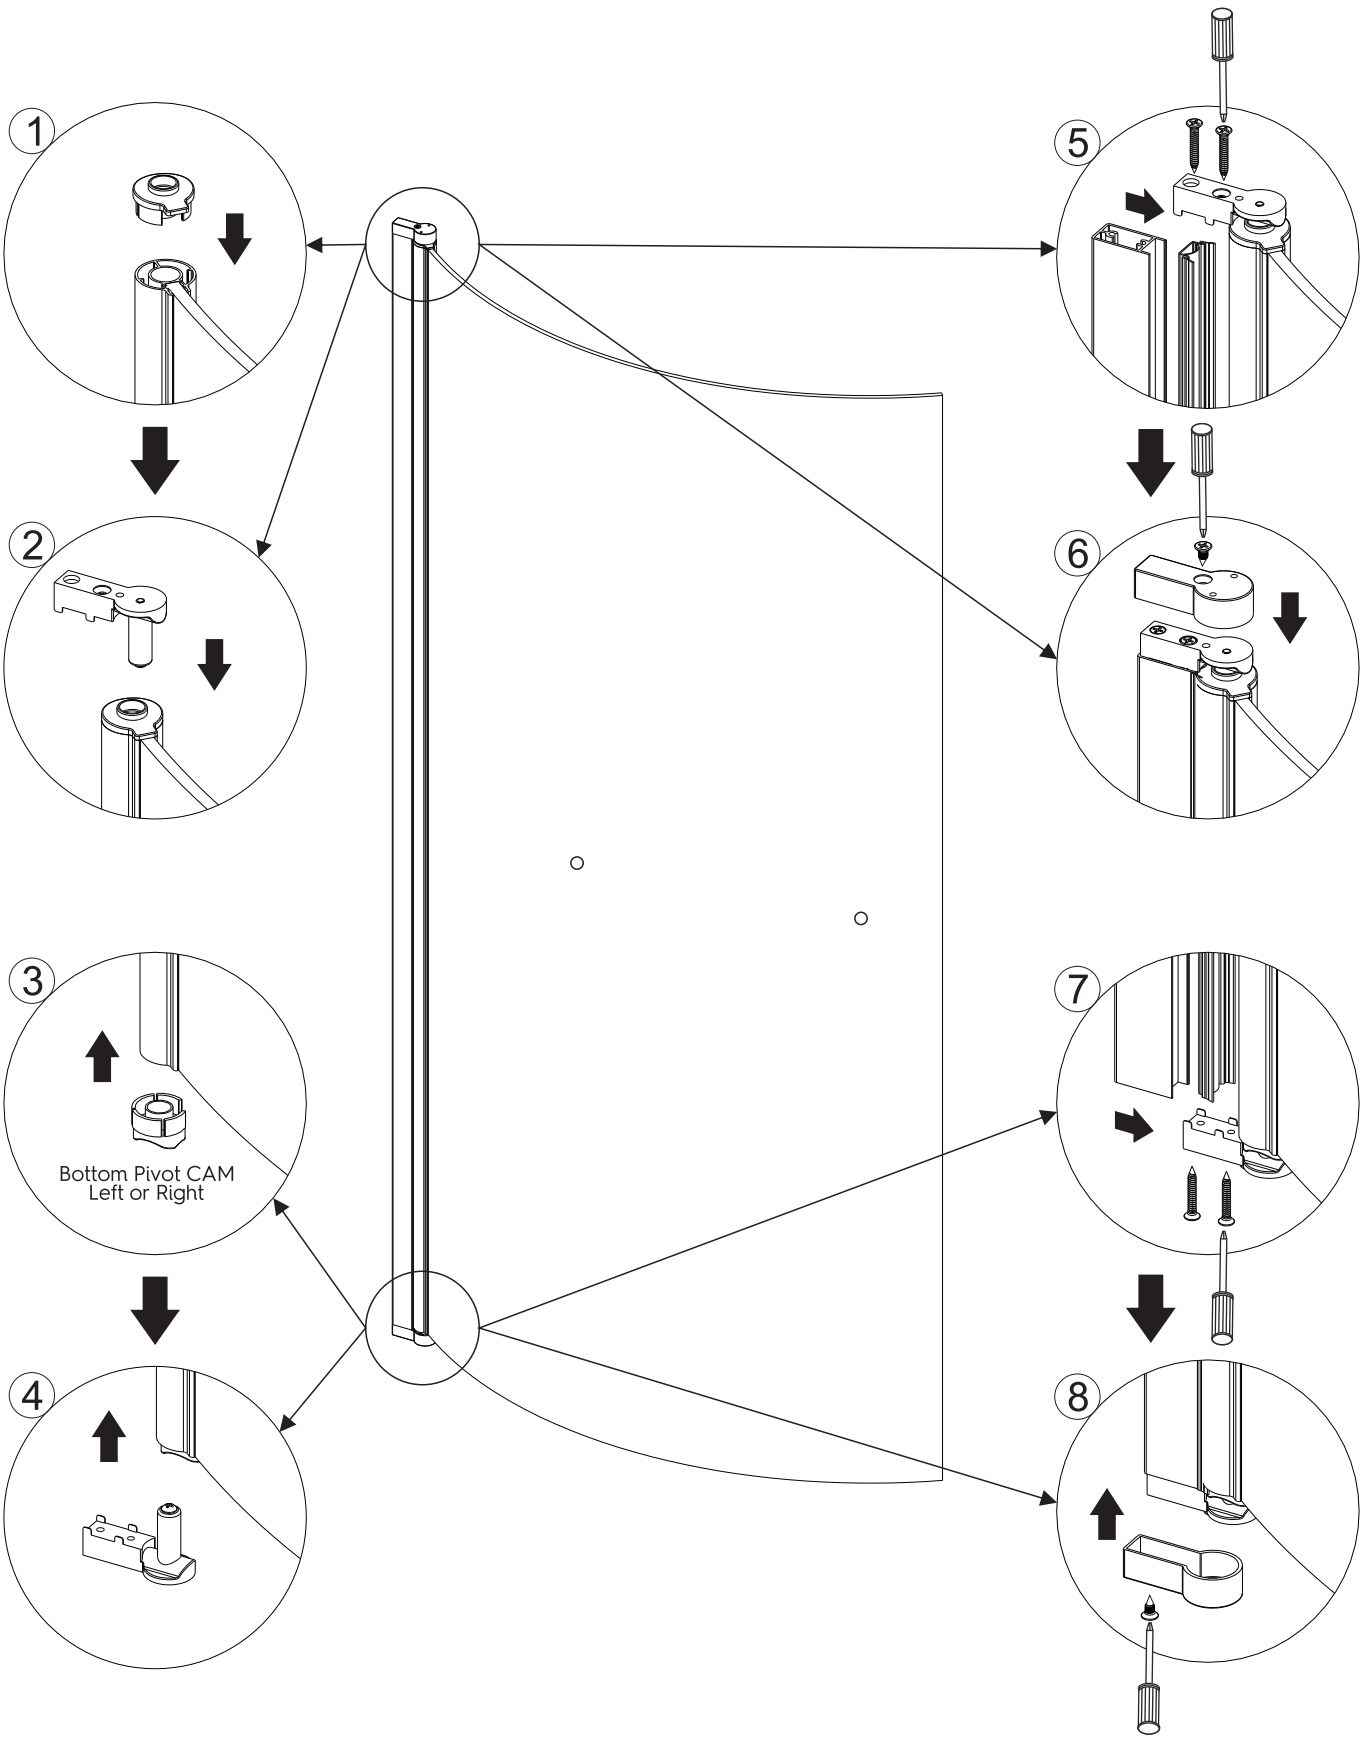




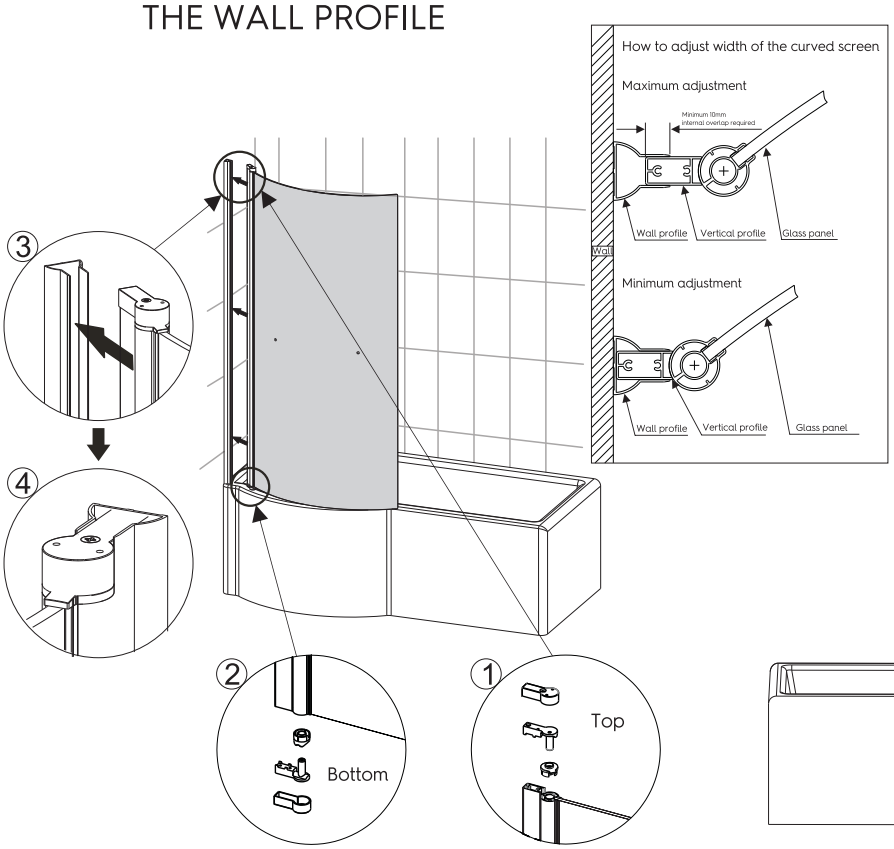


STEP 2 INSTRUCTIONS TO SHOW HOW TO ASSEMBLE FOR A LEFT HAND INSTALLATION

For a right hand installation reverse the screen. Ensure in both cases that you use the correct Bottom Pivot CAM marked “Left” or “Right”



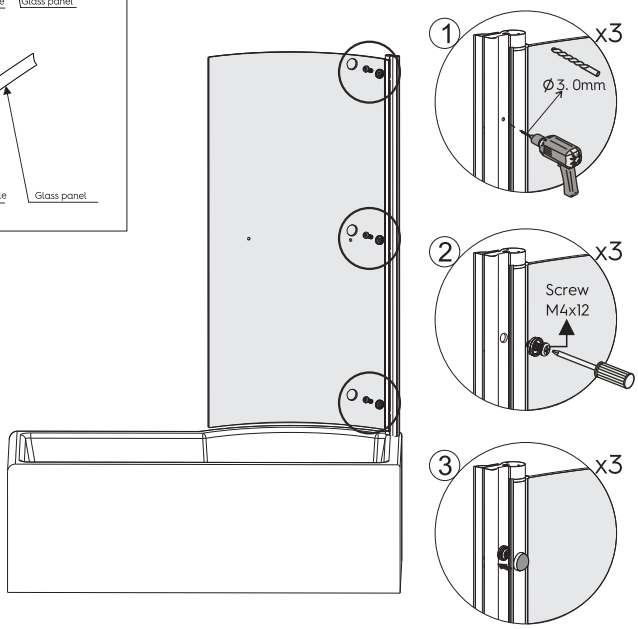
STEP 3 SLIDE MOVING PANEL INTO THE WALL PROFILE



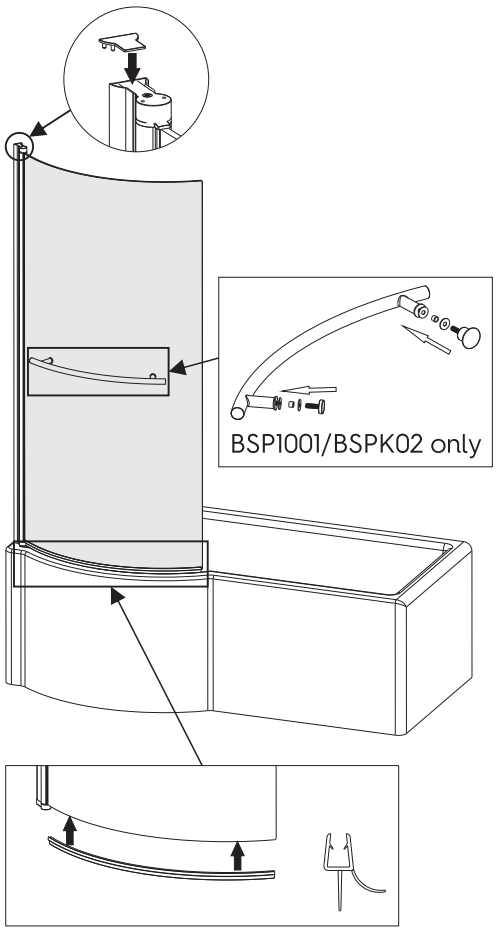
Warning: Do not fit this product upside down.

STEP 4 FIXING TO THE WALL PROFILE

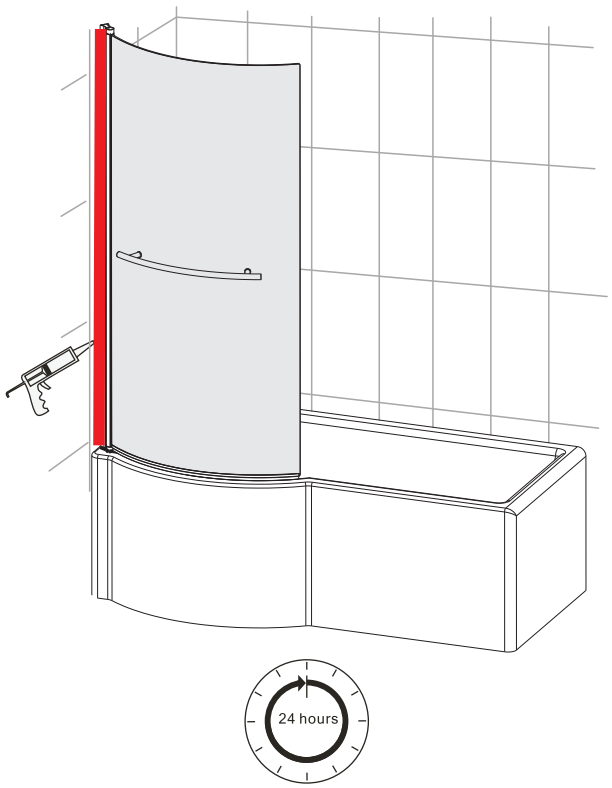
Take care not to drill into the glass



STEP 5 FITTING WALL PROFILE COVER CAP, BOTTOM SEAL AND TOWEL RAIL



STEP 6 SILICONE OUTSIDE EDGES



Silicone (outside edge only) where vertical profile meets the wall, and around the bottom hinge where it sits on the bath.

CARE AND MAINTENANCE

1) AFTER CARE INSTRUCTIONS

Regularly clean your shower product with warm soapy water to prevent lime scale build up. Do not use abrasive cleaning fluids or materials, or strong chemical cleaners as this will damage the product surface.

2) MAINTENANCE

Clean the plastic parts with a cloth and mild detergent. Never use any abrasive creams, dissolvents, acetone or detergents and disinfectants that contain chlorine. The supplier accepts no liability for any type of use of care other than those contained in these instructions. The supplier reserves the right to introduce technical changes without notice.

COMMITMENT TO QUALITY

It is our intention that the quality and functions of this product are of the highest standard. If you require help we advise you firstly contact a competent plumber. However we understand that this may not always be the case, so should you experience any problems please contact our customer services quoting the following:
